**THIS LETTER IS IMPORTANT AND REQUIRES YOUR ATTENTION.
IF IN DOUBT, PLEASE SEEK PROFESSIONAL ADVICE.**

11th July 2023

Dear Shareholder,

We are writing to let you know about some important changes that are happening to Fidelity Funds (“**SICAV**”) and those relevant funds that you hold (each a “**Sub-Fund**” and collectively, the “**Sub-Funds**”). Any terms not defined herein shall have the same meaning as in the prospectus of Fidelity Funds (the “**Prospectus**”).

Description of the Changes

I. Reclassification of certain Sub-Funds from Article 6 to Article 8 under the Sustainable Finance Disclosure Regulation (“SFDR”)

With effect from 11th August 2023, the investment policies of the following Sub-Funds will be enhanced with additional disclosure relating to sustainable investing and promoting ESG characteristics. After a thorough analysis of the investment policy and process of the Sub-Funds, it is intended to classify the Sub-Funds as Article 8 products within the meaning of the SFDR and in accordance with Fidelity’s Sustainable Investing Framework.

Fidelity Funds – Asian Smaller Companies Fund
Fidelity Funds – China Focus Fund
Fidelity Funds – Germany Fund
Fidelity Funds – Japan Growth Fund
Fidelity Funds – Japan Value Fund
Fidelity Funds – Thailand Fund

If you do not agree with these modifications, you may redeem your shares without redemption fee as provided for in the Prospectus. Alternatively, you may switch your shares into any other Sub-Fund of the SICAV free of charge prior to 11th August 2023.

II. Reclassification of certain Sub-Funds from Article 8 to Article 9 under the SFDR

With effect from 11th August 2023, the investment objective of the following Sub-Funds will be updated to clarify that they will have a sustainable investment objective.

In this context, the investment policy of the Sub-Funds will be enhanced with additional disclosure relating to sustainable investing further sustainability related characteristics, and the Sub-Funds will be classified as Article 9 products within the meaning of the SFDR.

Fidelity Funds – Sustainable Climate Solutions Fund
 Fidelity Funds – Sustainable Eurozone Equity Fund
 Fidelity Funds – Sustainable US Equity Fund
 Fidelity Funds – Sustainable Biodiversity Fund

We are making these changes as part of the Investment Manager’s ongoing commitment to sustainable investing and to meet the needs of investors seeking diversity across products with a sustainable investment objective.

If you do not agree with these modifications, you may redeem your shares without redemption fee as provided for in the Prospectus. Alternatively, you may switch your shares into any other Sub-Fund of the SICAV free of charge prior to 11th August 2023.

III. Repurpose of Fidelity Funds – SMART Global Defensive Fund

to maintain overall portfolio volatility within a targeted range. The Investment Manager takes into account Sustainability Risks in its investment process.

For more information, see “Sustainable Investing and ESG Integration”.

TRS (including CFD) usage Expected 50%; maximum 230%.

INVESTMENT PROCESS In actively managing the fund, the Investment Manager combines macroeconomic, market and fundamental company analysis to flexibly allocate investments across asset classes and geographic areas.

The investment manager aims to identify investment opportunities that will benefit from varying inflationary regimes such as deflation, disinflation, stagflation and inflation that result from changes over time in global economic and social environments. Examples of such investments may include, but are not limited to, sectors and regions that are able to defend against economic and inflation shocks, currencies that may benefit from different inflation regimes, and companies whose business model benefits from shifting inflation.

The investment manager also considers ESG characteristics when assessing investment risks and opportunities. In determining favourable ESG characteristics, the Investment Manager takes into account ESG ratings provided by Fidelity or external agencies. Through the investment management process, the Investment Manager aims to ensure that investee companies follow good governance practices.

The fund adheres to the Fidelity Sustainable Investing Framework standards.

For more information, see “Sustainable Investing and ESG Integration” and the Sustainability Annex.

SFDR product category Article 8 (promotes environmental and/or social characteristics).

DERIVATIVES AND TECHNIQUES The fund may use derivatives for hedging, efficient portfolio management and investment purposes (including derivatives which focus on equities, credit, interest rates and currency). The fund may use long or short positions.

The fund uses derivatives, including complex derivative instruments or strategies, to meet the investment objectives of the fund with a level of risk which is consistent with the risk profile of the fund. Derivatives may be used to create economic exposure to an asset akin to a physical holding of that asset. The types of derivatives that will be used include index, basket or single name futures options and contracts for difference. Options used will include put and call options including covered call options. The fund will use index, basket or single credit default and total return swaps to gain exposure or reduce credit risk of issuers, interest rate swaps to actively manage the level of interest rate risk and currency derivatives to hedge or gain exposure to currencies or replicate currency exposure of the underlying securities of an equity index.

The long and short active currency positions implemented by the fund may not be correlated with the underlying securities positions held by the fund.
